

**NORTHERN LIGHT HEALTH
NOTICE OF PRIVACY PRACTICES
Revised Effective Date: October 1, 2018**

This Notice of Privacy Practices (Notice) describes how medical information about you may be used and disclosed and how you can get access to this information. PLEASE REVIEW THIS NOTICE CAREFULLY.

This Notice describes the privacy practices of the members of the Northern Light Health Organized Health Care Arrangement (“Northern Light Health OHCA” or “Northern Light Health”). There is contact information for the Northern Light Health OHCA members, including all of their service delivery sites, at the end of this Notice. Northern Light Health OHCA members may share your health information between and among themselves for treatment, payment, and healthcare operations, as described below in this Notice.

Northern Light Health protects the privacy and confidentiality of your health information and so does the law. When you need healthcare, you give information about yourself and your health to our doctors, nurses, and other healthcare professionals. This includes financial information, contact information, and other personal information. We use this information for various purposes, including to provide you healthcare, to obtain payment for this care, and to conduct and support our operations. We also create records for these same purposes. These records may be in paper or electronic form. All of this information is called “protected health information” (or “PHI”) or “health information.” We describe how we use your health information in this Notice. Federal law requires that we give (or at least offer) you a copy of this Notice so you are able to learn about:

1. How, when and why we share your health information;
2. How the law requires us to protect your health information;
3. Your rights to your health information; and
4. What happens if your health information is lost or improperly used or shared.

There are special protections for health information at Northern Light Acadia Hospital and Northern Light Acadia Healthcare. Some of these special protections appear in *italics* in this Notice.

WHO FOLLOWS THIS NOTICE – This Notice is followed by each Northern Light Health OHCA member and the individuals who work there, including:

1. All employees, volunteers, and students;
2. All healthcare professionals allowed to enter information into your medical record; and
3. All departments, units, and other service delivery sites of each Northern Light Health OHCA member.

This Notice does not cover the privacy practices your personal healthcare professional may use in his or her private office unless he or she is employed by Northern Light Health. However, your personal healthcare professional will follow this Notice when he/she treats you at any Northern Light Health OHCA member.

ACKNOWLEDGEMENT OF RECEIPT OF THIS NOTICE – Except in emergencies, we may ask you to sign a statement affirming that you were offered a copy of this Notice. The statement does not mean you agree with our Notice, only that we offered you a copy of it. We will treat you even if you do not sign the statement.

OUR DUTIES REGARDING YOUR HEALTH INFORMATION – The law requires that we:

1. Keep your health information private and secure;
2. Let you know promptly if a breach occurs that compromises the privacy or security of your health information;
3. Follow the practices described in this Notice and give (or offer) you a copy of this Notice; and
4. Not use or share your health information other than as described in this Notice unless you tell us we can in writing. If you tell us we can, you may change your mind at any time. We need you to let us know in writing if you change your mind.

We may change our privacy practices and this Notice at any time. If we change this Notice, the revised Notice will cover all of your health information that we have. We will provide the revised Notice to you upon request and post it in our service delivery sites and on our website.

A. HOW WE MAY USE OR DISCLOSE (SHARE) YOUR HEALTH INFORMATION WITHOUT YOUR PERMISSION

Here are some of the ways that we may share your health information. We do not need to ask you for permission to do the things listed in this section.

FOR YOUR TREATMENT – We will share your health information to provide you with healthcare services. This means we can talk with other healthcare organizations and professionals (“healthcare providers”) about your healthcare. We can also send your health information to another healthcare provider for treatment. For example, we will share your health information with a specialist when seeking their advice on how to treat you.

The Northern Light Health OHCA members are some of the many healthcare providers in the state of Maine that participate in a health information exchange called HealthInfoNet. We share your health information with HealthInfoNet so that it is available to other healthcare providers that are not members of Northern Light Health. For example, if you receive healthcare at a non-Northern Light Health OHCA member, those who treat you may be able to see your health information that we have shared with HealthInfoNet. This sharing of your health information is intended to help improve your care. You can decide not to share your health information with HealthInfoNet by completing an “opt-out” form at any Northern Light Health location and sending it to HealthInfoNet or asking us to send it to HealthInfoNet for you.

Northern Light Acadia Hospital and Northern Light Acadia Healthcare share your health information with each other to treat you. Any information from a federally assisted alcohol and drug abuse treatment program will not be shared with other healthcare providers without your permission, except in an emergency or pursuant to a court order.

In addition, to the extent permitted by law, your health information (including your behavioral health information) will be shared with other healthcare providers and with payers or persons engaged in the payment for healthcare, for the purposes of managing or coordinating your care. *Northern Light Acadia Hospital shares your behavioral health information in this way.*

FOR THE TREATMENT OF OTHERS – We may use or share your health information to treat other patients.

FOR APPOINTMENT REMINDERS – We may use or share your health information to remind you of an appointment.

TREATMENT ALTERNATIVES – We may use or share your health information to tell you about different healthcare treatments.

HEALTH BENEFITS AND SERVICES – We may use or share your health information to tell you about health benefits and services.

NORTHERN LIGHT HEALTH-RELATED FUNDRAISING ACTIVITIES – We may use or share your health information to tell you about our fundraising efforts. You can ask us not to send you fundraising information. Any fundraising request you receive will tell you how you can ask not to receive these requests. We will not send you fundraising requests if you decide you do not want to receive them. If you change your mind, we will tell you how you can begin receiving fundraising information again.

PAYMENT FOR SERVICES YOU RECEIVE – We may use or share your health information to get payment for the healthcare services and products we provide to you. For example, we may contact your insurance company to find out if it will pay for your treatment. If you make full and timely payment for your care out of your own pocket, you may ask that we not share health information about that care with your insurance. We must honor this request.

FOR OUR HEALTHCARE OPERATIONS – We may use or share your health information to run our facilities, including to improve your care and manage your treatment and services. We sometimes share your health information with other parties who need this information to do work for us. These other parties are called our “business associates,” and they must protect your health information the same way we do.

B. OTHER USES AND DISCLOSURES

WHEN REQUIRED BY LAW – We may share your health information if a law or regulation requires us to do so.

FOR PUBLIC HEALTH ACTIVITIES – We may share your health information with a public health agency or with law enforcement when required by law. For example, we may share your health information to:

1. Prevent a threat to the health or safety of any person;
2. Report births and deaths;
3. Tell a person who may have been exposed to a communicable disease or who could get or spread a disease or condition;
4. Report bad reactions to medications or medical products; and
5. Tell the appropriate government agency if we believe a patient has been the victim of abuse, neglect, or domestic violence.

TO THE FOOD AND DRUG ADMINISTRATION – We may share your health information with the Food and Drug Administration (“FDA”). This agency tracks the quality, safety and effectiveness of certain products that may be used in your care.

FOR HEALTH OVERSIGHT ACTIVITIES – We may share your health information with Federal or state government agencies. The government may need your health information for audits, investigations, or inspections. The government also uses this information to review how Medicare and MaineCare are working, and to make sure we follow the law.

FOR LEGAL PROCEEDINGS – We may share your health information to respond to a court order or some other legal process.

FOR LAW ENFORCEMENT – We may share your health information for law enforcement purposes when permitted by state and Federal law.

TO CORONERS, MEDICAL EXAMINERS AND FUNERAL DIRECTORS – We may share health information with a coroner or medical examiner to identify a person who has died, or to find out why a death happened. We may share health information with a funeral director so that they can do their work.

FOR ORGAN AND TISSUE DONATION – If you are an organ donor, we may share your health information for organ, eye and tissue donation and transplant purposes if you are near death or have died.

FOR HEALTHCARE RESEARCH – We may share your health information for research, such as studying how well a treatment worked. All research must protect the confidentiality of your health information.

TO THE MILITARY OR VA – If you are a member of the Armed Forces, we may share your health information as required by the military or the Department of Veterans Affairs. If you are in a foreign military, we may also share your health information with that foreign military agency.

FOR NATIONAL SECURITY – We may share your health information with the government for national security reasons, or for the protection of the President.

IF YOU ARE AN INMATE – We may share your health information with a prison or jail or with a law enforcement official: (1) for your treatment; (2) to protect your health or safety or the health or safety of others; or (3) to ensure the safety and security of the prison or jail.

FOR WORKERS' COMPENSATION – We may share your health information for workers' compensation and other programs that provide benefits for work-related illnesses and injuries.

PARENTAL ACCESS – Some Maine laws about minors limit, allow, or require the sharing of health information with parents, guardians, and persons in a similar legal status. We will follow Maine law.

C. USES AND DISCLOSURES YOU MAY LIMIT OR ASK NOT BE MADE AT ALL

This section lists some situations where you can limit the sharing of your health information. Even if you allow us to share your health information in these situations, you always have the right to take back your permission at any time.

- In our patient directories – Some of our Northern Light Health OHCA members use patient directories to help family members and other visitors locate you while you are in the hospital. The directories may include your name, location, general condition, and religion, if any. Your location (room number or department) will be shared with people who ask for you by name. Clergy can see your name and religion. You can decide not to be listed in the directory. Let us know if you do not want to be listed in the patient directory. *Northern Light Acadia Hospital, Northern Light Acadia Healthcare, and our federally assisted alcohol and drug abuse treatment programs do not have a patient directory. These facilities and programs will only share information about your status as a patient if you allow this in writing or if this disclosure is otherwise permitted or required by law.*
- With family members and others involved in your care – We may share your health information with your family members or others who are involved in your care or in payment for your healthcare. We may share your health information during disasters so your family can find out about your condition and

location. If you do not want us to share your health information with family members or others, please let us know. *Northern Light Acadia Hospital, Northern Light Acadia Healthcare, and our federally assisted alcohol and drug abuse treatment programs generally will not release any information to family, friends, or others involved in your healthcare or who help pay for your healthcare without your written permission.*

If you are in an emergency condition and cannot make your wishes known, or if we cannot understand your wishes due to a communication difficulty, we will use our best judgment when deciding to share your health information with family members or others we believe are involved in your care.

D. USES AND DISCLOSURES WE CANNOT MAKE WITHOUT YOUR AUTHORIZATION

In some situations, we must get your written permission before sharing your health information. We will ask you to sign a standard authorization form used by all Northern Light Health OHCA members. Even if you sign this form, you can at any later time ask us to stop sharing your health information. If you withdraw your permission, this will not affect any of your health information that you already allowed us to share. Types of situations that require your written authorization include:

- Sharing your health information for marketing purposes;
- Communications with you that we are paid to make;
- Selling your health information; and
- Most uses and disclosures of psychotherapy notes.

Some types of health information have special protections under the law. We may be required to get your written permission to share, or make a reasonable effort to notify you when we share:

- *Your HIV/AIDS infection status;*
- *Your health information held by Northern Light Acadia Hospital or Northern Light Acadia Healthcare; or*
- *Information obtained by a federally assisted drug and alcohol abuse treatment program. In most situations we must have your written permission or a court order to share this information. One exception is in an emergency to provide you with the treatment you need.*

Any use or disclosure of your health information not described in this Notice requires your written authorization.

E. YOUR RIGHTS REGARDING YOUR PROTECTED HEALTH INFORMATION

You have the following rights related to your health information. If you want to exercise any of these rights, please reach out to the contact person where you receive your healthcare listed below at the end of this Notice. You may be asked to put your request in writing by completing our standard form.

REQUEST RESTRICTIONS ON WHAT WE SHARE – You can ask that we not share your health information or a portion of your health information. We do not have to agree to your request. If we do agree to your request, we will do what we agreed except in an emergency or if the law requires us to break our agreement. You can decide to end a restriction at any time by telling us in writing.

If you make full and timely payment for your care out of your own pocket, you may ask that we not share health information about that care with your insurance. We must honor this request.

REQUEST CONFIDENTIAL COMMUNICATIONS – If you want us to contact you in a certain way or at a certain place, you can ask us to do this. For example, you may ask us to call you on your cell phone instead of your home phone. We will agree to all reasonable requests.

INSPECT AND COPY YOUR HEALTH INFORMATION – You can look at and get a paper or electronic copy of your health information. You can direct us to share your health information with others. We may require you to put your request in writing. Sometimes you will be charged a fee to cover the cost of making copies of your records and sending the copies to you or others as requested.

If we think there is information that could put your health or safety in danger, or put the health or safety of others in danger, we can deny your request to look at or copy your records.

ASK US TO AMEND YOUR HEALTH INFORMATION – If you think something is wrong or missing in your healthcare record, you can ask us in writing to change it. We may deny your request but we will tell you why in writing within 60 days.

ACCOUNTING OF DISCLOSURES – You can ask us to tell you who we shared your health information with. The list we give to you will not include information about when we shared your health information:

- For your treatment;
- To receive payment for your treatment;
- For our business operations; or
- When you were the one who asked us to share your health information.

We will provide you with one free list in any 12 month period. We may charge a reasonable, cost-based fee for any additional lists you request within 12 months.

OBTAIN A COPY OF THIS NOTICE – You can get a paper copy of this Notice from us at any time. Just ask for a copy from the place where you receive your healthcare. An electronic version of this Notice is available on our website at <http://northernlighthealth.org/Legal/Notice-of-Privacy-Practices.aspx>.

CHOOSE SOMEONE TO ACT FOR YOU – If you have appointed somebody your agent to make healthcare decisions on your behalf, or if someone is your legal guardian, that person will be able to exercise your rights and make decisions for you about how your health information is used and disclosed.

FILE A COMPLAINT – You may complain to us or to the Maine Department of Health and Human Services if you have concerns about your privacy or how we have used or disclosed your health information. If you do have any concerns, please contact the person listed at the end of this Notice for the place where you receive healthcare services. We will answer your questions about this Notice and look into your concerns. You also may contact the United States Department of Health and Human Services Office for Civil Rights at:

200 Independence Avenue, S.W., Washington, D.C. 20201
Phone: 1-800-696-6775
Website: <http://www.hhs.gov/hipaa/filing-a-complaint>.

WE WILL NOT RETALIATE AGAINST YOU FOR FILING A COMPLAINT.

If you have questions about your privacy rights or this Notice, please contact any listed contact person or a Northern Light Health Information Management department.
