

COVID-19 RESULT TIPS

How to print your results

The screenshot shows the patient portal interface for COVID-19 results. On the left is a navigation menu with 'COVID Center' selected. The main content area shows a dropdown for 'Viewing health record for BLUE TESTING (age 74)'. Below this are sections for 'COVID-19 Vaccine Verification', 'COVID-19 Immunizations', 'COVID-19 Laboratory Results', and 'COVID-19 Reports'. A 'Print' button is visible in the top right corner. A disclaimer and a legend table are also present.

What it says on the Portal	What that means
Detected	Positive Result
Not Detected	Negative Result
Positive	Positive Result
Negative	Negative Result
Invalid	Test should be recollected
Negative at Seacoast Pathology	Negative Result
Positive at Seacoast Pathology	Positive Result
No information Recorded	No test has been performed or test has been performed, but the result is not available yet

To take a screenshot on an iPhone without the Home button:

1. Make sure that your iPhone is displaying whatever it is that you want to screenshot.

2. Press the Power button on the right side of your phone and the Volume Up button on the left at the same time.

Take a screenshot on Android

1. Press the Power and Volume down buttons at the same time.
2. If that doesn't work, press and hold the Power button for a few seconds. Then tap Screenshot.
3. If neither of these work, go to your phone manufacturer's support site for help.
