# AROOSTOOK Career Exploration

Career Awareness  
Career Exploration  
Career Development

“Students will get a real feel for whether or not the careers they are exploring are right for them and get the chance to network with professionals who work in these careers every day. They will see the technology being used, hear about emerging trends, and learn what it takes to get into college in that specific career.”

Daryl Boucher  
VP of Operations

**Northern Light AR Gould Hospital**  
140 Academy Street Presque Isle, ME 04769  
207.768.4000

## AROOSTOOK Career Exploration

## Plan for your future.

Gain hands-on experiences as you explore career opportunities.

A.R. Gould Hospital

## Career Exploration Reboot

It's time to kick off the next school year for our Aroostook Career Exploration (ACE) program!

We will be offering four to five sessions during the school year. The sessions will take place during a school day, and your school will transport you to the hospital to take part.

We get started with a tour of the hospital, including an introduction to the many different kinds of careers that take place here. Next events include department presentations, skill stations, and college tours.

You can complete as many or as few sessions as your schedule and interests allow. The more you attend, the more you will gain from the experience.

## Benefits for You

- ❖ Explore a wide variety of career opportunities at no cost to you!
- ❖ Volunteer and job shadow to expand your knowledge in areas of interest.
- ❖ Earn your CPR/First Aid certification.
- ❖ Get help with college and career readiness preparation.
- ❖ Open the door for a possible scholarship (for those who are eligible).

## Join Us

Sign up by letting your guidance office know. Once you come to our first event in November, you will fill out a form and list out your career interests. This information will help guide us in our educational events.

Exploring careers  
takes more than  
research.

Nothing beats  
personal, hands-on  
experiences.
