Maine Shared Community Health Needs Assessment County Summary: 2015

Knox County

November 2015

Qualitative Stakeholder Input

A survey of 53 health professionals and community stakeholders in Knox County provided insight into the most critical health issues and determinants impacting the lives of those living in the area. According to these stakeholders, the following five health issues and health factors have the most impact on Knox County resulting in poor health outcomes for residents.

Top five health issues

- Drug and alcohol abuse
- Obesity
- Mental health
- Depression
- Diabetes

Top five health factors

- Access to behavioral care/mental health care
- Health literacy
- Health care insurance
- Poverty
- Food security
