Northern Light Inland Hospital is committed to shaping health improvement efforts in our service area based on sound data, personal and professional experience, and community need. Through collaborative efforts, Inland Hospital creates healthier communities through the provision of services, resources, and programs beyond our hospital’s walls.

We used the results of the 2022 Community Health Needs Assessment along with community input to inform the development of our three-year Community Health Strategy. As a member of Northern Light Health’s Community Health Council, Inland Hospital recognized the value, reach, and influence of aligned engagement efforts with a shared purpose. The following three priority areas were adopted as shared priorities where Northern Light Health member organizations would engage in common strategy to achieve greater statewide impact:

- Mental health
- Social determinants of health
- Substance use

This report is an update on Northern Light Inland Hospital's progress on our community health strategy for fiscal year 2023 (October 2022 – September 2023), representing the first year of our three-year health improvement plan.
Northern Light Inland Hospital trained staff in Psychological First Aid (PFA), an evidence-informed approach to help anyone — children, adolescents, adults, and families — in the immediate aftermath of a traumatic experience and has proven to be effective when someone is experiencing a mental health crisis at any time. PFA shines a light on the impact of collective trauma, builds resiliency, and assists in self-care action plans by incorporating five evidence-based principles: safety, calming, connectedness, self and community reliance, and hope.

Certified Inland Hospital staff then engaged schools and/or youth serving organizations to educate and empower individuals to respond to mental and behavioral health needs of youth using the PFA training model. Attendees received training in eight core elements: engagement, safety, stabilization, information gathering, practical assistance, connection to social supports, information on coping, and connecting with collaborative services. Systemwide collective impact of our shared objective resulted in 35 training sessions with 584 individuals trained.

**Fiscal Year 2023 Partners and Community Impact**

<th>PARTNERS ENGAGED:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Camp Manitou for Boys*</td>
</tr>
<tr>
<td>Kennebec Behavioral Health</td>
</tr>
<tr>
<td>Local schools and school districts</td>
</tr>
<tr>
<td>NAMI (National Alliance on Mental Illness) Maine</td>
</tr>
<tr>
<td>Northern Light Women's Health*</td>
</tr>
</tbody>
</table>

- Two community organizations* trained in Psychological First Aid (PFA); 13 individuals trained in PFA.
- NAMI Maine & Kennebec Behavioral Health - supporting events via communication and promotion efforts.
- Local school and districts - connecting schools with resources to educate teachers/staff on youth mental and behavioral health needs.

**Shared objective:**
Increase the number of individuals trained to support the mental health needs of youth.

Findhelp.org is the nation’s leading social care network, making it easier to connect patients and their families with free or reduced-cost programs from local partners and national support services with dignity and ease, and is one component of Northern Light Health’s response to need in the communities we serve. Northern Light findhelp will continue to develop, allowing users to search and connect to community services.

Northern Light Inland Hospital engaged in meaningful, trusted community partnerships to reach priority populations with equitable access to community resources and social supports and connect individuals with community resources they need to improve their health and well-being through the findhelp.org platform. Inland Hospital participated in a monthly systemwide workgroup focused on engagement efforts to educate community partners on the availability and uses of findhelp.org. We assisted those community partners with adding their program information to the platform directory and with activating the ability to receive referrals or requests for information through the platform. Systemwide community engagement efforts resulted in 28 partners offering 89 programs that increased engagement with findhelp.

### Fiscal Year 2023 Partners and Community Impact

**PARTNERS ENGAGED:**
- Good Shepherd Food Bank
- Healthy Northern Kennebec Coalition
- Kennebec Valley Community Action Program (KVCAP)
- Local towns
- Precious Innocents*
- Waterville Soup Kitchen
- Winslow Community Cupboard*

- Two community partners* added three programs to the findhelp directory:
  - Precious Innocents: Grief Support Services
  - Winslow Community Cupboard: Food pantry and food trailer
- Sponsored KVCAP to help provide community members in need with transportation, heat, and electricity assistance.
- More than 400 emergency food bags provided to patients screening positive for food insecurity.
- Maintained a food pantry open to all community members at Inland Hospital
- Partnered with Winslow Community Cupboard and Waterville Soup Kitchen to distribute essentials to those in need.
- Community Health Navigator program – funded by Inland Hospital and devoted to improving access and connecting individuals to Social Determinants of Health resources

### Three-year approach (2023-2025)

In collaboration with other Northern Light Health member organizations and community-based organizations, trained Northern Light Inland Hospital staff representing pharmacy and community health departments worked diligently to improve processes and partnerships to reduce barriers and provide equitable access to state-sponsored naloxone (Narcan) kits for priority populations.

Northern Light Inland Hospital participated in the Maine Naloxone Distribution Initiative, which provides state-purchased naloxone to community organizations, clinical sites, and end-users throughout Maine to distribute free of charge. Through a collaboration with MaineGeneral Harm Reduction, Inland Hospital worked in the community setting to provide education on the use of these naloxone kits to end-users to facilitate the reversal of private overdoses in the community. Systemwide collective impact of our shared objective resulted in 1,453 naloxone kits distributed throughout Northern Light Health’s service area.

### Fiscal Year 2023 Partners and Community Impact

**PARTNERS ENGAGED:**

- Kennebec Behavioral Health
- Kennebec Valley Community Action Program
- MaineGeneral Harm Reduction
- Kennebec Valley Community College
- Winslow Community Cupboard
- Unity Public Library

- 71 state-sponsored naloxone kits distributed
- Collaborated on Kennebec Behavioral Health Advisory Committee
- Medication-Assisted Treatment (MAT) certified providers offering support to individuals with substance use disorder
