# SAFE RETURN TO BUSINESS

A Zoom conference series  
presented by  
Northern Light Health

Learn how to support your employees  
and your customers to make a successful  
return to business.

If you want your employees and your customers focused on why they're at your business, instead of on whether they'll get sick, you'll want to attend our series.

Our panels of experts will cover the topics and contingencies you need to prepare for to have your workforce present, engaged, and safe.

**Topics will include:**

- Risk mitigation and critical infrastructure for safety
- Face coverings and screening for employees and customers
- Supporting employee needs as they return to work
