

## Robert J. Masterson Model Nurse Scholarship Application

For Robert Masterson, BSN, CCRN, nursing was more than a career or profession; **it was truly a passion**. Bob earned his BSN from the University of San Francisco and was a critical care nurse at Mercy Hospital for 30 years.

His love for nursing, compassion for patients, and commitment to learning were evident to everyone around him. Bob served as a preceptor to many and was known for calmly and confidently guiding others through difficult clinical situations. He led by example and embodied Mercy's "at the heart of healing" mission in the daily care he provided his patients, the support he gave their families and loved ones, and the mentoring he provided to coworkers. Everyone who worked with him felt privileged and inspired to be a better person and care giver.

**Robert Masterson, BSN, CCRN**
