Northern Light Health 2017 AGB LEVELS

Amounts Generally Billed (AGB):

The amount generally billed for emergency or other medically necessary care to individuals who have insurance covering such care. Northern Light Health calculates the AGB annually for each of its member hospitals. Northern Light Health uses the “look-back method” to calculate AGB. Under the look-back method, Northern Light Health takes the total payments the hospital received from all commercial plans and Medicare during the hospital’s prior fiscal year and then divides this number by the total hospital charges to these commercial plans and Medicare during this prior year.
