

CME Consent Form – Passport CME Management System

What is CME Passport?

A **free**, centralized web application where physicians can create a personalized account to view, track, and generate transcripts of their reported CME credit and search for CME Activities.

Who's Behind the Change?

Northern Light Eastern Maine Medical Center and other Accredited CME Providers are utilizing CME Passport to move towards a centralized CME reporting and tracking system.

The State of Maine Board of Licensure in Medicine and the Maine Osteopathic Board of Licensure have agreed to use CME Passport for obtaining CME records for physicians.

Physicians who wish to take advantage of this free tracking and reporting system must grant permission to NLH EMMC to report earned credits on their behalf.
