Starting in January 2021, Northern Light Surgical Weight Loss patients should have their labs ordered, evaluated and treated through their Primary Care office.

Lab evaluation needs to be completed post-operatively at 6 months, 12 months, 18 months, and annually thereafter. Lab work should include:

- **Vitamin D 25-hydroxy**
- **B12**
- **Hemoglobin and Hematocrit**
- **Folate**
- **Ferritin**
- **Iron**
- **TIBC**

A referral to Northern Light Anemia Care may be warranted. This clinic provides excellent care and treatment for patients. This office can be reached at **207.973.9780**.

We appreciate your help partnering on these follow up appointments to ensure the continued care for your patient.

Please call our office with any questions at 207.973.8881.

Thank you.
