AROOSTOOK Career Exploration

Career Awareness
Career Exploration
Career Development

“Students will get a real feel for whether or not the careers they are exploring are right for them and get the chance to network with professionals who work in these careers every day. They will see the technology being used, hear about emerging trends, and learn what it takes to get into college in that specific career.”

Daryl Boucher
VP of Nursing

Northern Light AR Gould Hospital

Career Exploration Reboot

You may have heard of our Survivor Camp, a one-week health careers exploration program. Maybe you had an older brother or sister who attended. Well, we are changing things up and offering a more in-depth experience for local high school students!

Instead of a one-time experience after you finish junior high, our new Aroostook Career Exploration program offers on-going experiences throughout your high school career. Four sessions will be offered throughout each academic year, with learning experiences evolving as you get older and closer to college and the job market.

You complete as many or as few sessions as your schedule and interests allow.

Greater Benefits for You

- ❖ You have more time to explore a wider field of career opportunities.
- ❖ You will be able to take part in volunteer and job shadow opportunities to expand your knowledge in areas of interest.
- ❖ You will will earn your CPR/First Aid certification.
- ❖ You will get assistance with college and career readiness preparation.
- ❖ You have flexibility within the program regarding what sessions you take part in.
- ❖ If you successfully complete the program, you will be eligible for a college scholarship.

Sessions for 2019-2020

Friday, September 27, 2019

1 - 9 pm • AR Gould Hospital

Monday, January 20, 2020

4 - 8 pm • AR Gould Hospital

Saturday, April 11, 2020

9 am - 4 pm • AR Gould Hospital

Tuesday, June 16, 2020

4 - 8 pm • AR Gould Hospital

The cost to register for the entire year is only \$25. Pay the fee once and attend any or all of the above sessions. The more you attend, the more you will gain from the experience.

Exploring careers
takes more than
research.

Nothing beats
personal, hands-on
experiences.
